

# Simplicity – Basics – Discipline - Habit

## Geoff Teall

A NEW KIND OF CLINIC: AN OPPORTUNITY TO  
PRESENT YOUR SKILLS IN THE SHOW RING  
FOLLOWED BY A CLINIC INSTRUCTED BY JUDGE  
GEOFF TEALL

Geoff Teall. To those in the industry, he needs no introduction. A lover of learning and consummate horseman, he shares his knowledge for the betterment of our sport. For over half a century Geoff has striven to always improve himself and fellow

horseman with the goal of putting the horse first. Geoff doesn't practice from a 'bag of tricks' but rather a tome of wisdom, whose chapters are filled with experience. He wears all the hats: trainer, competitor, judge, course designer, educator, author, leader. A coach who has trained hunter, jumper, and equitation champions at all the major venues and medal finals. An R judge who has evaluated countless rounds at major shows. A leader, who has held office for the USHJA and chaired committees for both USEF and USHJA, helping equestrians to evolve with a changing world. An author who has written "Riding Hunters, Jumpers, and Equitation: Developing a Winning Style", and many articles as guest contributor to publications such as The Chronicle, Practical Horseman and more. An educator who is a nationwide clinical approved for the USHJA Instructor Credential (formerly the Trainer Certification Program), contributor to Bernie Traurig's EquestrianCoach.com, and most recently his own Geoff Teall Virtual Training.

Welcome Geoff, we can't wait!
